

Safety Conscious Consultancy – Consultancy & Training Services

About Us

Safety Conscious Consultancy is dedicated to fostering a culture of safety across high-risk industries. Our mission is to shift the HSE culture from reactive to proactive, by providing top-tier training and consultancy services tailored to industries such as Oil and Gas, Utilities and Construction. Our programs focus on empowering teams with the skills and knowledge necessary to prevent workplace accidents, ensure compliance with OSHA standards, and promote a safety-first mindset. With a strong foundation in occupational safety and environmental management, we strive to transform workplace safety into a competitive advantage.

Our Mission

At Safety Conscious Consultancy, we aim to be the region's leading safety consultancy by **SPARKing** transformation in organizations. We deliver innovative solutions through **Sustainability-driven practices**, **Proactive safety initiatives**, **Advanced training**, **Revolutionary systems** and **Knowledge sharing**, empowering businesses to create safer, greener and more resilient workplaces.

Our Vision

We envision a future where safety is an inherent part of every organization's culture. By addressing risks proactively, we aim to create work environments that are free from preventable injuries, setting new benchmarks for health, safety, and environmental practices.

Our Founder

Sajeev Jaggernauth, the founder of Safety Conscious Consultancy, brings over 15 years of expertise in occupational and environmental safety. His academic credentials include a BSc in Environmental and Natural Resource Management and an MSc in Occupational and Environmental Safety and Health.
